We are looking for our next rockstar. A hard worker who's up for a good time, who love's to be busy and with the right vibe to fit in with our crew.

You will gain all kinds of skills that we can help with but being a superstar in one or more of the following will help you out alot.

Proven and reliable work history - this a job, you'll be required to work, for the entire time you're at work.

An ability to work under pressure to meet deadlines - we have a no excuses team, we get it done. No matter what.

Proactive and positive attitude - We need you to get sheeeet done and make our clients happy

The work is mostly evenings from Wed-sat and you can pick and choose your own shifts! We would like you to be available for at least one or two per week but you can also choose more than that if you love working and need more hours! Once you choose your shifts we then have to approve them to make sure each event has the right Team working! We do have an amazing team and everyone is always helpful if shifts need swapping on occasion

Your typical day would look like this:

Arrive at the workshop, get your truck sorted, make sure everything is ready to go, brief your team on what you are up to for the day, head out to the event, smash out the event, pack down, head back, sort truck for the next days trade, do any ordering / paperwork required. We will train you in all of this and all you need to start is a great attitude towards learning!

If you are looking for a challenge and an opportunity to join a game changing business that has plenty of scope for the future and are looking for a great place to work, then please apply via email!

- Due to the amount of applications we receive, we may only contact the successful applicants.

- Applicants for this position should have NZ residency or a valid NZ work visa.

- Remuneration depends on experience and how much you make our lives easier... ha!

- We want this person to start tomorrow... but we're obviously realistic that you probably have a job and need to resign on good terms so if you sound like our cup of tea we won't hesitate to get in touch for a catch up. Once we find the right person we will work with them to make a start plan.
